

Home Town Stuff

Why people want to drive over a freshly laid concrete street in spite of markers that should tell any intelligent person that the thoroughfare is closed, is a mystery that Engineer John B. Nabers is unable to solve. Drivers of cars have been known in the past few weeks since work started on South Main to go to all kinds of trouble, even running the risk of turning great dumps of dirt piled in the cross streets, merely in order to drive a few feet over the new pavement. If there were no other pavement in Vernon or Wilbarger County Mr. Nabers says he could understand the eagerness to drive on pavement, but there are twenty miles of perfectly good street and road paving open to traffic. One of the primal instincts of the human animal seems to be to try new pavement, touch fresh paint, or light a match to see if the gas tank is empty.

J. D. Summerour, who with his wife, his son and the latter's wife and little son, have just returned from their summer vacation spent at Gunnison, Colo., on the western slopes of the continental divide, had the pleasure of meeting Harold Bell Wright, the novelist. The writer was visiting various sections of the Rocky Mountain region gathering materials for a new book he is writing. Mr. Summerour says after meeting the novelist he wrote to C. S. McCulloch, another Vernonite, who is spending his vacation at Chachara Camp, Colo., advising him that Mr. Wright had inquired for a place on the eastern slope where he could do his writing and that Chachara had been recommended. Mr. Summerour's letter further informed Mr. McCulloch that Wright would inquire for McCulloch ranch on arrival with a view of being entertained there while writing his new novel. Mr. Summerour suggested that Mr. McCulloch is delaying his return awaiting the arrival of a distinguished novelist at Camp Chachara.

No plans have been announced for the erection of the new telephone exchange building on the site recently acquired at the corner of Wilbarger and Lamar Streets, but this will be done soon, it is expected by R. S. Williams, of Quanah, who is also manager of the Vernon plant.

The passing of M. G. Gilbert removes one of the most picturesque figures from Vernon. He held all traffic regulations in contempt, and it wasn't because his son, W. W. Gilbert, has been on the city police force for several years either. His explanation of his refusal to drive on the right side of the street or go to the intersections to turn was that he was here before the automobiles came. It was a common sight to see him drive down the left side of the street or turn his horse and buggy around in the middle of a block.

The death of this pioneer recalled a story that had to do with his love for fishing in his later years to a local man Wednesday. Some years ago Mr. Gilbert and another elderly man who happened to be several years younger than Mr. Gilbert were frequent companions on short fishing trips. They had an engagement to go fishing together on a certain day and were to meet at the post office. Mr. Gilbert arrived on time, but his partner was not on hand. He went into the post office and asked if his friend had been there. On receiving a reply in the negative, Mr. Gilbert remarked, "well I guess I'll have to go to the house and get that old man." Mr. Gilbert was then about 85 while his friend was a youngster of 76.

Mr. and Mrs. Elmer Houssels of Long Beach, Calif., drove through to Vernon in four days. They arrived for a brief visit with the former's uncle and aunt, Mr. and Mrs. L. G. Hawkins. Mr. Houssels is a son of R. S. Houssels, well known among Vernon people, and spent most of his boyhood here. He has not visited Vernon for seven years and says he was very much surprised to note that Vernon is developing into a city. Mr. and Mrs. Houssels left yesterday for Breckenridge and from there will go to Kansas City by the way of Dallas. They will visit relatives of Mrs. Houssels in Kansas.

Former Resident Visits Here.
Eld Summers of Portales, N. M., former resident of Vernon, and now tax assessor of Roosevelt County, N. M., is visiting relatives in the city this week while on his vacation. He praises Wilbarger county's outlook for a cotton crop this year.

Singing at Odell Sunday.
A number of prominent singers have agreed to attend and take part in the singing at Odell next Sunday afternoon, according to J. L. Jimer, son, who has charge of it. A large crowd is expected.

M. G. GILBERT DIES AT HOME TUESDAY NIGHT

Man Known as Oldest Citizen of Vernon Passes Away at Age of Ninety-Three — Interment Made Wednesday Afternoon in East View.

M. G. Gilbert, for some time known as Vernon's oldest citizen, died at his home at 8:20 Tuesday evening. Although having passed his ninety-third birthday on July 20, the aged pioneer has been hale and hearty up to a few days ago, when the weight of his years forced him to his bed never to get out again.

Funeral services were held Wednesday afternoon at 4 o'clock, J. B. Smith of the Church of Christ, of which Mr. Gilbert was a member and regular attendant for many years, conducted the services. Interment was made in East View cemetery.

The passing of Mr. Gilbert removes from the streets of Vernon one of the best-known citizens of the city. For many years he had been one of the familiar sights of the city, as, seated in his little buggy drawn by his faithful horse "Henry" he drove about the streets of Vernon. He was one of the old guard who refused to do away with his faithful horse and buggy at the coming of the automobile.

Mr. Gilbert came to Vernon as one of the early settlers in 1888, moving here from Grayson County. He had been a resident of Texas for many years before coming to this county, having moved to the state in 1859 from the family home at Chillicothe, Mo. He was born near Bowling Green, Ky., and emigrated to Missouri shortly after attaining his majority. He married Miss Harriet Williams at Chillicothe, Mo., just before moving to this state in 1859. Mrs. Gilbert died here several years ago. A few years later, he married Mrs. Ida Scott.

In his younger days, Mr. Gilbert was actively engaged in buying mules and feed stuffs in this county. The later years of his life were taken up with fishing, and other pleasures. His pleasure in fishing was one of the reasons which he gave for remaining true to his horse and buggy after the coming of the automobile.

He is survived by his wife, and four children, W. W. Gilbert of Vernon, Mrs. Lee Bivins of Amarillo, Mrs. J. R. Tolbert of Hobart, Okla., and C. C. Gilbert of Claude. He also leaves twenty-one grandchildren. Pall bearers were: Lon Byars, Ned Curtis, F. H. Wright, K. G. McDonald, L. A. Holler and J. W. Clark.

Baptist Revival Opens at Vernon Church August 30

Rev. N. Y. Pond of Dallas will begin a revival meeting at the local Baptist Church Sunday, August 30. The revival runs two weeks or more. Rev. E. F. Lyon, pastor of the First Baptist Church, states.

Although Rev. Pond has never held a revival here, several here have heard him, and they praise him highly. Rev. Lyon has worked with the Dallas evangelist before, and he praises the minister's evangelistic ability.

H. C. Norsworthy, local singer, will have charge of the song services. Mrs. E. F. Lyon will conduct solo services.

NEIGHBORS SEND TEAMS TO AID TOLBERT FARMER

Twenty-three teams plowed more than 100 acres on the J. B. Cox farm near Tolbert Wednesday morning. Mr. Cox has been handicapped in his work by the sickness and death of his wife, who died at Texico last Friday. Pictures were made of the teams while they were at work.

Returned From Colorado.
Mr. A. C. Boger, daughter, Margaret, and son, A. C. Jr., and Mrs. Josephine Collins, and grandson, Joe, returned Wednesday from Colorado Springs, Colo., where they have been spending the summer.

SOUTH MAIN TO BE OPEN SOON

TRAFFIC WILL BE ALLOWED TO PASS OVER NEW PAVEMENT NEXT FRIDAY.

The paving on South Main Street will be opened to traffic next Friday, according to announcement made by County Engineer John Nabers this morning. Watering was discontinued on the pavement this morning and it will be given one week in which to dry before being cleared, Mr. Nabers stated.

Other paving projects are being delayed by the lack of sand, which is being transported here from Chillicothe. The work on Fannin street is nearing completion, and both Cumberland and Pease streets are being prepared for the pouring of concrete. Fannin Street will be open for traffic one week after South Main is opened, J. P. Foty, contractor, stated this morning.

Mr. Foty says that all the paving work will be completed within nine days, if he can be supplied with sand. Cumberland, Pease and Texas streets are the remaining streets which are to be paved.

Much enthusiasm is being expressed by local citizens in regard to the opening of South Main after the paving. Many are suggesting that some sort of celebration be staged in honor of the event. This stretch of new pavement will link Vernon with the pavement on the oil field road, and will eliminate a bad stretch of road that has been a hindrance to traffic going to the fields during the last year.

DISLOCATED SHOULDER IS RESULT OF FALL

Mrs. D. C. Matthews, wife of a local grocerman, is suffering from a dislocated right shoulder. The accident occurred yesterday afternoon as she was returning to her home on Mesquite street when she tripped and fell. Her condition is satisfactory.

Tom Hubbard was painfully injured Wednesday morning when a Ford touring car struck him as he was stepping off a truck load of gravel. He was thrown about twenty feet, but no bones were broken.

SCOUT BAND TO LEAVE TUESDAY

ORGANIZATION WILL FURNISH MUSIC FOR INDIAN FAIR AT CRATERVILLE.

Officials of the Indian fair to be held at Craterville Park, August 27-29 have renewed their invitation to the local Boy Scout band to furnish music for the affair, and E. W. Shepherd, and twenty musicians will leave Vernon for the fair grounds Tuesday. Mr. Shepherd states, the band has been practicing every night since the return of the director in the early part of the week, and is reported to be in good condition.

The Boy Scout band won the favor of the Craterville citizens by giving a number of public concerts while the Boy Scouts were encamped there last spring. It was then that the boys received their first invitation to play for the fair.

Early plans made for the return of the entire Scout organization to Craterville Park during the fair failed to materialize, and the band will go alone. The boys will furnish music for the three days.

Y Ranch Yearling Steers Bring \$40 on Fall Delivery

L. K. Johnson announces the sale of 800 white face yearling steers to Arthur Letts of Clarendon, delivery to be made about November 1 at the Y ranch of Herring & Johnson in Ford County. The price was \$40 per head, allowing the buyer a ten per cent cut.

There has been a marked improvement in the cattle market in this section since the recent general rains which covered the cattle country of West Texas and New Mexico, Mr. Johnson states.

LOCAL MAN LOSES HOTEL IN SAN ANGELO FIRE

Fire of unknown origin totally destroyed the three-story London hotel at San Angelo, owned by S. A. Naylor, local man. Damage to the hotel and surrounding property is estimated at \$150,000. Mr. Naylor with his family is making a tour of the Pacific coast but was apprised of his loss and will return next week. The fire originated near the linen room of the hotel and apparently burst into flames at once. Nothing was saved.

LOCAL FIELDS FAIL TO MAKE COMPLETIONS

Wells Are Drilling Day and Night but Few Are in Neighborhood of Sand—Atlantic Has Good Indications of Pay on Zipperle Lease

Although a large number of rigs are actively engaged in drilling this week following the heavy rains, no completions have been reported in the Wilbarger pools. This is the first time in several weeks that no completions have been reported when weather permitted operations to go forward.

Atlantic reports the best showing of the week in No. 5 Zipperle, in section 90, block 14. The well is located in section 80, block 14. It is shut down repairing the engine, preparing to drill in at 2360 feet. Indications are for a good producer. No. 3 in the northwest corner of the same lease was down 1,580 feet yesterday on its travel to deeper stuff. The well was a small producer from the 1300-foot pay. No. 2 Sigler-Wagoner, located in the center of the northwest quarter of section 52, H. & T. C. survey, block 2, is down 550 feet, and is setting 15-inch casing at that level.

Atlantic Oil Producing company and Roxana Petroleum company No. 1 Wagoner, located 400 feet west and 150 south of the northeast corner of the southeast quarter of section 50, block 14, is drilling at 950 feet. The well is located between the Gulf producers and the Texas group.

In north Wilbarger, Texoma No. 2, Covert, located in section 8, block 15 is underdraining casing at 1850 feet.

Milham is feeling for a sand in No. 1 Wagoner at 2190 feet, located in section 42, block 2. No. 2 is reported to be drilling below 1900 feet.

Electra-Texas No. 2 Wagoner is making slow progress on section 42, block 2. The bottom of the hole is at 1830 feet.

Women's Camp at Iowa Park Praised by Local Agent

About fifty Wilbarger County members of the Women's Clubs have been in attendance at the Women's Educational Encampment which opened at Coleman's Park near Iowa Park Wednesday morning and closes this afternoon. Miss Emma Gunter, local home demonstration agent, was in charge of the local delegation, and spoke to the assembled delegates a number of times.

Other Wilbarger county women who addressed the club members are: Mrs. Roscoe Rainwater and Mrs. W. G. McDonald. Members of the clubs who have returned already, praise the encampment as one of the most successful of its sort ever held by the women's clubs.

Pleasure was made the dominating policy of the encampment, with instructive address coming second.

FORMER VERNON TEACHER GETS M. A. DEGREE XMAS.

A letter to local friends from W. W. Cook, English teacher in the local high school last year, advises that he will enter the University of Southern California with advanced standing and will receive his M. A. degree Christmas. EARLY SETTLER DIES TUESDAY

B. C. SMITH PASSES AWAY IN AUSTIN AFTER LONG ILLNESS.

B. C. Smith, 73, resident of Doans community for many years, died in Austin Tuesday morning. The body was returned here and interment took place at Fargo cemetery Thursday afternoon. Rev. W. W. Adams, pastor of the Tolbert Baptist church had charge of the services at the grave. The burial service of the Odd Fellows was conducted at the cemetery by members of Doans lodge, of which he was a member. Mr. Smith had been a member of the Baptist church since boyhood.

Nine years ago, Mr. Smith was sent to the insane asylum at San Antonio and a few months ago he was transferred to Austin where he was placed in the hospital for treatment.

He had been a pioneer settler north of Pease river, but later returned to Erath county, where he lived until 1902, when he moved his family back to Wilbarger county, purchasing a farm near Doans.

He is survived by four sons, A. B. of Wildcat, John and Julius of Turkey, Okla., and Ben of Electra, two daughters, Mrs. John Miller of Fargo and Mrs. A. N. Brock of Turkey, Okla. All were present for the funeral. He is also survived by a brother, A. G. Smith, of Doans, and two sisters, Mrs. D. B. Rodgers, of Doans and Mrs. C. S. Rogers of Vernon who were also present for the funeral. Interment took place by the side of his wife, who died in 1905.

LOCAL I. O. O. F. TEAM WINS CUP

VERNON PEOPLE ATTEND MEETING OF LOWER PANHANDLE ASSOCIATION.

The Vernon degree team took the silver loving cup without competition Wednesday night at the annual convention of the lower Panhandle Association of the Independent Order of Odd Fellows which was held in Burkhart Wednesday and Thursday. The local team made 980 points out of a possible 1000.

Members of the team were: P. M. McKinley, captain; C. A. Carney, M. V. Liles, J. W. Walker, E. E. Coleman, Everett Westbrook, E. C. Seay, O. H. Naylor, J. A. Carney, J. H. Kimbrow, Floyd Coleman, W. W. Barnes, Fred Holley, V. C. Morris, George A. Long, H. C. Thomas, Jeff D. Souris, Emory Morris, Jeff Stephens, J. T. Julian, J. F. Ivey, H. D. Stephens, H. G. Lucas.

This is the second year in succession that the Vernon team has won the silver cup. Last year the local team won it against strong competition.

Those who attended the convention at Burkhart proclaimed it a success. Officers from all parts of the northwest section of the state attended. Listed as the most prominent were: C. E. Doan, of Doans, past president of the association; E. E. Walker, Amarillo, chief officer. A large number of Vernon people attended during the meeting.

Burkhart was dressed in holiday attire for the visitors. Numerous flags were flying in honor of the occasion.

Matador was selected as the next meeting place of the Association. The following officers were installed at the close of the meeting yesterday: Marvin Dees, Electra, president; O. D. Pogue, first vice president, Chillicothe; Mrs. A. Yourie, Electra, second vice president; Mrs. Suda Atwey, Electra, secretary and Mrs. Bertha A. Ross, Vernon, treasurer.

COUNTY FAIR WILL BE HELD IN SEPTEMBER

Chamber of Commerce and Business Council Place R. H. Coffee in Charge and Set September 16-19 as Date—To Have Horse Races.

Following a series of meetings of the Chamber of Commerce and business council, it has been decided to hold the Wilbarger County Fair this year on September 16-19 inclusive, according to R. H. Coffee, who has been placed in charge of the fair by the Chamber of Commerce.

Mr. Coffee states that every effort will be made to make this one of the best fairs ever held in the county. Tentative arrangements have been made with the Pool and Schneck carnival for the fair dates, the manager of the fair has been assured that the carnival will show here during the four days. Mr. Coffee states that since the Pool and Schneck shows have combined the combined show is one of the largest and best carnivals on the road.

Arrangements are being made with the business men of Vernon for larger prizes than usual this year. Mr. Coffee states. It is planned to give prizes for community exhibits, agriculture exhibits, and live stock exhibits. A special department will be set aside for the club boys and club girls of the county, and poultry exhibits will be encouraged, the manager announces.

Work has been started on the fair catalogue and it is expected to be ready for distribution at an early date.

With crop conditions as good as they are in this section of the state, Mr. Coffee states that he expects a larger attendance than usual, and community exhibits will probably be above the ordinary, as farmers will have unusually good specimens to offer for exhibit.

The manager is making arrangements with owners of a number of race horses for four days of racing. Wilbarger County may be assured of an opportunity to witness some fast horse races, he says.

"Daddy's Gone a Hunting" Coming; Grey's Story Here

It's not what daddy goes hunting
for, but what he ultimately finds
that counts in "Daddy's Gone a-
Hunting," the Metro-Goldwyn-May-
er picture which is coming to the
Pictorium next Monday and Tues-
day. Today and tomorrow, theater-
goers are offered Zane Grey's "The
Rainbow Trail," sequel to "Riders
of the Purple Sage," which was
shown here a short time ago. Tom
Mix is playing the leading role
again. The serial, "The Fighting
Ranger," reaches an interesting
stage today.

"Daddy's Gone a-Hunting" is an
other noted stage success which has
been brought to the screen with
realism and great dramatic force.
In being transferred to the screen,
none of the strength of this drama
has been lost, and much has been
added in way of color and lavish
beauty.

Alice Joyce, more lovely than
when she retired from the screen
four years ago, has the role of
Edith. It is her second characteriza-
tion since returning to pictures and
will win for her a host of new ad-
mirers.

Percy Marmont adds to his stand-
ing growing popularity by his inter-
pretation of Julian, the artist
"Daddy," who goes hunting for hap-
piness and inspiration, only to find
that all his roving has been in vain
when despair and bitter realization
fill his life on the death of his little
daughter Janet.

Virginia Marshall, five-year-old
Texas girl, has one of the outstand-
ing child parts of the year in "Dad-
dy's Gone a-Hunting." It is pre-
dicted that Virginia will take her
place among the featured children
of Hollywood as a result of her por-
trayal of "Janet."

Prominent in the Borzage picture
is the work of Helena d'Alky, the
girl who will be remembered as
Rodolph Valentino's leading lady in
"The Sheik of Montezuma."

Borzage has introduced many un-
usual touches to this production in
way of direction and the combina-
tion of the serial, drab life in New
York's Harlem. That is contrasted
with the brilliant and lavish scenes
in Paris where Julian goes to study
art.

Not all of the luxury in the film,
however, is contained in the Paris
sequences, for, while Marmont is in
France, Miss Joyce is working in a
fashionable modiste shop in New
York, where many striking costumes
are displayed.

Holmes Herbert is Grenough and
Edythe Chapman as Mrs. Green-
ough, his mother, are exceptionally
well cast. Herbert is the "other
man," but plays the role with such
ability that he gains the immediate
sympathy of the audience and holds
it throughout the picture, which
comes to a startling and dramatic
climax.

Other members of the cast include
Ford Sterling, whose comedy touch-
es are highly entertaining, Martha
Mattox, James Barrows and James
Machern.

Kenneth B. Clarke wrote the
adaptation and Chester A. Lyons
was the cameraman.

Miss Wilma Lockett of Lockett
community, underwent a minor
operation at a local sanitarium Tues-
day morning. She has left the sani-
tarium and is recovering rapidly.

"The Only Woman" Coming to Vernon

In "The Only Woman," a picture
which is coming to the Vernon
Theater next Monday and Tuesday,
Vernon people will see what hap-
pens when a girl surrenders herself
for her father upon the marriage
altar. It is Norma Talmadge's lat-
est picture.

"The Air Mail" comes to the Ver-
non Wednesday and Thursday. War-
ner Baxter, Billie Dove, Mary
Brian, and Douglas Fairbanks, Jr.,
are featured in the leading roles of
the picture.

Baxter portrays the part of Russ
Kane, clever crook and daring aviator,
who joins the air service solely
for the purpose of robbing the mails
and is regenerated by the spirit of
the service, the love of a beautiful
girl and the companionship of an
orphaned boy.

Billie Dove plays the girl, Alice
Randall, who lives in the "deserted
city" with her father, played by
George Irving. Young Fairbanks is
Sandy, crazy about anything and
everything connected with aviation.
This keeps him hanging around the
flying field where he meets Kane
(Baxter) and immediately makes an
idol of him. Mary Brian plays Min-
nie Wade, a fine part.

Other big names in the strong sup-
porting cast are Guy Oliver, Rich-
ard Tucker, Lee Shumway and
Lloyd Whitlock.

In the story are two bands of
crooks constantly spying on Baxter.
They suspect that he is going to
double-cross them and a hum-dinger
of an air battle takes place, with
Baxter, Fairbanks, Jr., and Billie
Dove fighting off the bandits and
seeing the mail through in safety.

Mr. and Mrs. Aaron Shaw of
Plainview, students in Wayland
college left for their home Tuesday
after a visit here with her mother,
Mrs. A. J. Smith and his parents,
F. E. Shaw of Sherwood community.

CLUB OFFICIALS ENTERTAIN
DELPHIANS WEDNESDAY

Members of the Delphian club were pleasantly entertained by Mrs. Leon Brown, incoming president and Mrs. Y. H. Balasin, outgoing president, at the latter's home on Main street, Wednesday afternoon.

The house was decorated with pink and white cut flowers and the punch table presided over by Misses Minnie King and Ethel Haney was beautiful with its decorations of flowers and ferns.

At this time, Mrs. Brown assumed the duties of her administration as

did the newly elected secretary-treasurer, Mrs. R. D. L. Killough. Plans for the coming year were discussed and year books distributed. The retiring secretary-treasurer, Miss Ethel Haney, gave her report. A very delicious ice course of walnut brick cream and individual angel food cake were served to twenty-four guests.

Miss Vera Smith of Austin is a guest of Mrs. L. S. Dennis and Mrs. Dena Griffith.

W. B. Abbott of Wichita Falls was here on business Wednesday.

HINDS.

Rev. and Mrs. Jim Sharp and children and cousin, Aron Sharp of Mississippi, arrived Saturday afternoon. Rev. Sharp began a meeting yesterday morning at the school house, and is doing some wonderful preaching. Large crowds are attending. Every one is cordially invited to come. Mrs. Sharp and Aron have charge of the song services.

Alex Anderson is building another house on his place.

Lloyd Guthrie and Garland Street have gone on a visit to East Texas. Miss Lottie Lovelace of Fargo was the guest of Miss Irene Muller Monday afternoon.

Lois Lambert of Rayland was the guest of Miss Louella Holland, Sunday evening.

Mr. and Mrs. O. D. Stowe and daughter spent Sunday with Mr. and Mrs. Harvey Adams of White City.

Mr. and Mrs. C. H. Castleberry and family, Mr. and Mrs. Kell Castleberry and family, were dinner guests of Mr. and Mrs. Tom Duke of Burland, Sunday.

Clova Lila Couch was the guest of Little Meta Joe Muller, Sunday.

THE WIDOW'S MIGHT.

Up in Wisconsin the son of Senator La Follette, deceased, is making the race for his father's vacant seat in the upper house of the United States Congress. Right after the death of the famous Wisconsin lawbreaker, his widow was urged to make the race.

A Massachusetts woman has been elected to Congress to fill the vacancy created by the death of her husband. There are three other such cases in the present Congress. Wyoming has a woman Governor who is the widow of a man who died in the Governor's office.

All of this indicates a sympathetic strain with American voters—that is to say, a sympathetic strain that runs to the advantage of widows of officeholders and sons of deceased officeholders. The Dallas News remarks, "Just now a dead husband is a better ticket to Congress than a log cabin."

All of the ladies who have been elected to office because they were widows of officeholding husbands may be well qualified for the business of making laws for the country. But if we remember correctly only two women have been elected to Congress who were not widows or daughters of men who died in office, and these two kept their seats only one term each, which leads to the suggestion that women who have ambitions to be elected to Congress should get married to men who will be elected and have the thoughtfulness to die in office.

The business of women holding high office is a novelty in this country and doubtless will soon wear off. But people seem to be less sympathetic for the sons of illustrious dead. Young Theodore Roosevelt did rather poorly in his first bid for high office and it is to be hoped that the young Mr. La Follette will be equally unsuccessful unless he has something to recommend him for the senatorship beyond the fact that he is his father's son. Being the widow of one's deceased husband or the son or daughter of one's dead father is a pitifully poor excuse to run for office and sober-thinking people will think more rather than less of these bereft ones would decline to try to capitalize their bereavement.

LABOR'S REAL ENEMY.

The president of the American Federation has announced his intention of waging a war on radicalism in the ranks of organized labor. Communists, bolsheviks and other radical groups have caused a great deal of trouble and done organized labor a great deal of harm, according to the labor chieftain. Chicago seems to be the hotbed of radicalism, he says, and warns labor against the dangers of following these radicals who are wrongfully parading under the banner of organized labor.

There is ample evidence to support the claim of the Federation president that these radicals are a greater menace to organized labor than any capitalistic opposition can possibly be.

The real enemy of labor is not the blood-sucking, greedy capitalist who seeks to fatten his purse through oppression of labor. Public opinion will take care of him. He can't win any fight against organized labor. The real enemy is the man who parades as a friend of labor and seduces laboring men into a policy of violence that arrays public opinion against them, or the one who de-

ludes laboring men into the belief that the way to advance their interests is to intimidate and bulldoze capital and the public into submission to unreasonable demands.

The American people are fair. They will do the right thing if they get the right information. Eventually they are going to get the information. Facts can't be successfully camouflaged in the long run. And when the American people get the real facts on any labor controversy, as they inevitably will, they will settle it on a pretty fair basis. Neither labor nor capital can tyrannize the American people for very long at a time.

The big strikes which labor has lost are the ones where they had not the backing of public opinion, and the present leader of organized labor is pointing out the only way to permanent peace and justice in industry when he warns his constituents against the snares of radicalism.

SOME TRAFFIC PROBLEMS.

Electric traffic signals are needed in Vernon during certain hours of almost every day and practically throughout Saturdays when people gather here to trade. Some relief is expected from the opening up of the pavement on Tenth Street, but this is doubtful. Our paving program has not kept pace with traffic in the business district.

Of course, the average person will conclude that Vernon is too small for installation of traffic signals. Perhaps so, but most people who try to get about the down-town district on foot during most any afternoon will agree that some regulation is needed for the protection of pedestrians and sane drivers.

Some towns and small cities have adopted a system which requires all traffic entering the main thoroughfares from cross streets to come to a stop before entering the main traffic-way. This would help some toward preventing automobile collisions, but it would hardly improve the plight of the pedestrian who wishes to cross the principal streets. The speed on such streets would be accelerated because of the removal of the danger of collision with cross-street traffic.

The electric traffic signal system which alternates right-of-way is about the only system which will remove the hazard which attends the movements of pedestrians across streets. Vernon may not need such a system yet, but she needs something that will tame some of our wild drivers who seem to believe that the streets are made for their exclusive use and that other drivers and mere pedestrians are trespassers. Delivery car drivers as a class are about the worst offenders. They evidently proceed on the theory of "Let the other fellow beware." School will be starting soon and during certain hours of the day hundreds of little tots will be crossing streets in the vicinity of school buildings. The chief of police ought to have a little heart-to-heart talk with delivery car drivers on the general subject of protecting the lives of school children.

FARMERS VALLEY.

Mrs. J. B. Cox, 45, passed away Thursday night in Texico, New Mexico, after an extended illness. The family had been traveling for her health all summer and she grew worse instead of better until the end came Friday, and interment was made in the Tolbert cemetery. She was born in Jackson County, Tenn., but had been a resident of Texas a number of years. She was a member of the Methodist church at this place and lived a Christian life. She is survived by her husband, J. B.

Monte Wins Bout From Kid Rich in Vernon Tuesday

Wildcat Monte outpointed Kid Rich and won a referee's decision in the main event of the card staged at the Vernon open air arena Tuesday night. Monte won his decision on his ability to beat the heavier boxer to the punch at all stages of the bout. He easily hit Rich at any time he desired to do so. Monte fought a faster fight than he has ever fought here before.

In the eight round semi-final Young Rich of Vernon and Dude Lawson fought to a draw, following a number of low blows by Lawson that saved him from going out at a critical time in the third round. Rich had Lawson groggy and scarcely able to hold on in the latter part of the third after opening up with a furious attack on the jaw. In the fourth stanza Lawson slipped over Rich out, and although he continued a dangerously low blow that put the fight, he never recovered from the blow. After the bout was continued, Lawson continued to send over low blows at various intervals, although they were lighter than the first which had such telling effect. After the bout the referee admitted that Lawson fouled a number of times, but that the blows were light after the first telling swing.

About the only thing that Lawson showed Tuesday night was his ability to clinch and hit low. He hardly landed a clean cut straight blow during the entire fight.

Stam Mitchell of Frederick and Battling Nelson of Wichita Falls staged a fast colored bout, and no one heard Battling Nelson complaining of being unable to catch Mitchell. Mitchell won the referee's decision.

SAME FINE STUDEBAKERS Prices Reduced—Quality Maintained

THESE low prices are not for new cars built to sell at new prices. They are for Studebaker cars identical with those which have been in tremendous demand at higher prices during the past eleven months.

They are for Studebaker cars so well built of such high quality materials that net profits during the past six months have averaged only \$140.64 per car. The rest of the money the public paid us went into making a car with scores of thousands of miles of excess transportation.

These earnings are a triumph for the one-profit basis of manufacture. No manufacturer on a less efficient basis could have made a dollar selling cars of Studebaker quality at Studebaker prices.

Studebaker is the only one-profit car in the fine car field. Only Ford and Studebaker make for all their cars all bodies, all engines, all gear sets, clutches, springs, differentials, axles, steering gears, gray iron castings and drop forgings.

Thus we save and pass on to purchasers profits which many other manufacturers must pay to outside parts and body makers.

No "yearly models" makes sales jump

Thus we were able last January to reduce prices already low.

Then we announced that Studebaker would have 10 more "yearly models" to artificially depreciate cars in the hands of owners.

Sales instantly started to soar and have forced the vast Studebaker plants to maintain peak production throughout the summer, in the face of declining production for the industry in general.

To one-profit savings we thus add savings due to long continued peak production. These savings we share with customers in the price reduction announced August 1st.

We still use genuine leather, mohair upholstery, fine northern white ash and hard maple, tough extra gauge steel for which we pay premiums, plate glass, walnut inlaid with holly and other refinements. In short, these are the same fine cars in every particular—only the price has been reduced.

You can't appreciate what a bargain Studebaker cars are at these new prices until you compare them point by point with others.

Remember that Studebaker cars have been kept constantly up to date. Improvements have been made as soon as developed—not saved up for spectacular announcements under the guise of "new yearly models" designed to depreciate cars already in the hands of owners.

Superiorities—both hidden and obvious

Many of the most important superiorities of Studebaker are hidden until revealed by thousands of miles of usage, but here are some you can check to prove our statement that every Studebaker is more up to date than the newest "yearly model."

On all present Studebaker models, you'll find an automatic spark control, safety lighting control on the steering wheel, 8-day clock and gasoline gauge on the dash, improved one-piece windshield, special coincidental lock of ignition and steering gear, fully machined crankshaft, coil ventilator, waterproof ignition and oil drain valve beside the engine.

Studebaker pioneered the steel-framed Duplex Top with roller side enclosures which gives enclosed car protection to open car models—in 39 seconds.

Studebaker pioneered the use of full-size balloon tires, for which steering mechanism, fenders and body lines have been especially designed.

Come in and see these sturdy, dependable "one-profit" cars. Today, more than ever before, every Studebaker is a big money's worth.

Ask about our liberal Budget Payment Plan.

Why people want to drive over a freshly laid concrete street in spite of markers that should tell any intelligent person that the thoroughfare is closed, is a mystery that Engineer John B. Nabers is unable to solve. Drivers of cars have been known in the past few weeks since work started on South Main to go to all kinds of trouble, even running the risk of turning their machines over in climbing great dumps of dirt piled in the cross streets, merely in order to drive a few feet over the new pavement. If there were no other pavement in Vernon or Wilbarger County Mr. Nabers says he could understand the eagerness to drive on pavement, but there are twenty miles of perfectly good street and road paving open to traffic. One of the primal instincts of the human animal seems to be to try new pavement, touch fresh paint, or light a match to see if the gas tank is empty.

J. D. Summerour, who with his wife, his son and the latter's wife and little son, have just returned from their summer vacation spent at Gunnison, Colo., on the western slopes of the continental divide, had the pleasure of meeting Harold Bell Wright, the novelist. The writer was visiting various sections of the Rocky Mountain region gathering materials for a new book he is writing. Mr. Summerour says after meeting the novelist he wrote to C. S. McCulloch, another Vernonite, who is spending his vacation at Cuchara Camps, Colo., advising him that Mr. Wright had inquired for a place on the eastern slope where he could do his writing and that Cuchara had been recommended. Mr. Summerour's letter further informed Mr. McCulloch that Wright would inquire for McCulloch ranch on arrival with a view of being entertained there while writing his new novel. Mr. Summerour suggested that Mr. McCulloch is delaying his return awaiting the arrival of a distinguished novelist at Cuchara.

No plans have been announced for the erection of the new telephone exchange building on the site recently acquired at the corner of Wilbarger and Lamar Streets, but this will be done soon, it is expected by R. S. Williams, of Quanah, who is also manager of the Vernon plant.

The passing of M. G. Gilbert removes one of the most picturesque figures from Vernon. He held all traffic regulations in contempt, and it wasn't because his son, W. W. Gilbert, has been on the city police force for several years either. His explanation of his refusal to drive on the right side of the street or go to the intersections to turn was that he was here before the automobiles came. It was a common sight to see him drive down the left side of the street or turn his horse and buggy around in the middle of a block.

The death of this pioneer recalled a story that had to do with his love for fishing in his later years to a local man Wednesday. Some years ago Mr. Gilbert and another elderly man who happened to be several years younger than Mr. Gilbert were frequent companions on short fishing trips. They had an engagement to go fishing together on a certain day and were to meet at the post office. Mr. Gilbert arrived on time, but his partner was not on hand. He went into the post office and asked if his friend had been there. On receiving a reply in the negative, Mr. Gilbert remarked, "well I guess I'll have to go to the house and get that old man." Mr. Gilbert was then about 85 while his friend was a youngster of 76.

Mr. and Mrs. Elmer Houssels of Long Beach, Calif., drove through to Vernon in four days. They arrived for a brief visit with the former's uncle and aunt, Mr. and Mrs. L. G. Hawkins. Mr. Houssels is a son of R. S. Houssels, well known among Vernon people, and spent most of his boyhood here. He has not visited Vernon for seven years and says he was very much surprised to note that Vernon is developing into a city. Mr. and Mrs. Houssels left yesterday for Breckenridge and from there will go to Kansas City by the way of Dallas. They will visit relatives of Mrs. Houssels in Kansas.

M. G. GILBERT DIES AT HOME TUESDAY NIGHT

Man Known as Oldest Citizen of Vernon Passes Away at Age of Ninety-Three — Interment Made Wednesday Afternoon in East View.

M. G. Gilbert, for some time known as Vernon's oldest citizen, died at his home at 8:20 Tuesday evening. Although having passed his ninety-third birthday on July 20, the aged pioneer has been hale and hearty up to a few days ago, when the weight of his years forced him to his bed never to get out again.

Funeral services were held Wednesday afternoon at 4 o'clock, J. B. Smith of the Church of Christ, of which Mr. Gilbert was a member and regular attendant for many years, conducted the services. Interment was made in East View cemetery.

The passing of Mr. Gilbert removes from the streets of Vernon one of the best-known citizens of the city. For many years he had been one of the familiar sights of the city, as, seated in his little buggy drawn by his faithful horse "Henry," he drove about the streets of Vernon. He was one of the old guard who refused to do away with his faithful horse and buggy at the coming of the automobile.

Mr. Gilbert came to Vernon as one of the early settlers in 1888, moving here from Grayson County. He had been a resident of Texas for many years before coming to this county, having moved to the state in 1859 from the family home at Chillicothe, Mo. He was born near Bowling Green, Ky., and emigrated to Missouri shortly after attaining his majority. He married Miss Harriet Williams at Chillicothe, Mo., just before moving to this state in 1859. Mrs. Gilbert died here several years ago. A few years later, he married Mrs. Ida Scott.

In his younger days, Mr. Gilbert was actively engaged in buying mules and feed stuffs in this county. The later years of his life were taken up with fishing, and other pleasures. His pleasure in fishing was one of the reasons which he gave for remaining true to his horse and buggy after the coming of the automobile.

He is survived by his wife, and four children, W. W. Gilbert of Vernon, Mrs. Lee Bivins of Amarillo, Mrs. J. R. Tolbert of Hobart, Okla., and C. C. Gilbert of Claude. He also leaves twenty-one grandchildren.

Those who attended the funeral from out of town were: Judge J. R. Tolbert and wife of Hobart, Okla., C. C. Gilbert of Claude, Mrs. Lee Bivins, Miles Bivins and wife, and Julian Bivins of Amarillo.

Baptist Revival Opens at Vernon Church August 30

Rev. N. Y. Pond of Dallas will begin a revival meeting at the local Baptist Church Sunday, August 30. The revival run two weeks or more, Rev. E. F. Lyon, pastor of the First Baptist Church, states.

Although Rev. Pond has never held a revival here, several here have heard him, and they praise him highly. Rev. Lyon has worked with the Dallas evangelist before, and he praises the minister's evangelistic ability.

SOUTH MAIN TO BE OPEN SOON

The paving on South Main Street will be opened to traffic next Friday, according to announcement made by County Engineer John Nabers this morning. Watering was discontinued on the pavement this morning and it will be given one week in which to dry before being cleared, Mr. Nabers stated.

Other paving projects are being delayed by the lack of sand, which is being transported here from Chillicothe. The work on Fannin street is nearing completion, and both Cumberland and Pease streets are being prepared for the pouring of concrete. Fannin Street will be open for traffic one week after contractor, stated this morning.

Mr. Fots says that all the paving work will be completed within nine days, if he can be supplied with sand. Cumberland, Pease and Texas streets are the remaining streets which are to be paved.

Much enthusiasm is being expressed by local citizens in regard to the opening of South Main after the paving. Many are suggesting that some sort of celebration be staged in honor of the event. This stretch of new pavement will link Vernon with the pavement on the oil field road, and will eliminate a bad stretch of road that has been a hindrance to traffic going to the fields during the last year.

A movement has already been started by citizens on South Main for more lights on the street in an effort to keep down speeding after the street is opened.

NEIGHBORS SEND TEAMS TO AID TOLBERT FARMER

Twenty-three teams plowed more than 100 acres on the J. B. Cox farm near Tolbert Wednesday morning. Mr. Cox has been handicapped in his work by the sickness and death of his wife, who died at Texico last Friday. Pictures were taken of the teams while they were at work.

LOCAL FIELDS FAIL TO MAKE COMPLETIONS

Wells Are Drilling Day and Night but Few Are In Neighborhood of Sand—Atlantic Has Good Indications of Pay on Zipperle Lease

Although a large number of rigs are actively engaged in drilling this week following the heavy rains, no completions have been reported in the Wilbarger pools. This is the first time in several weeks that no completions have been reported when weather permitted operations to go forward.

Atlantic reports the best showing of the week in No. 5 Zipperle, in section 90, block 14. The well is located in section 80, block 14. It is shut down repairing the engine, preparing to drill in at 2360 feet. Indications are for a good producer. No. 3 in the northwest corner of the same lease was down 1,580 feet yesterday on its travel to deeper stuff. The well was a small producer from the 1300-foot pay. No. 2 Sigler-Wagoner, located in the center of the northwest quarter of section 52, H. & T. C. survey, block 2, is down 550 feet, and is setting 15-inch casing at that level.

Atlantic Oil Producing company and Roxana Petroleum company No. 1 Wagoner, located 400 feet west and 150 south of the northeast corner of the southeast quarter of section 50, block 14, is drilling at 950 feet. The well is located between the Gulf producers and the Texas group.

In north Wilbarger, Texoma No. 15, located in section 8, block 15, is underreaming casing at 1850 feet. Milham is feeling for a sand in No. 1 Wagoner at 2190 feet, located in section 42, block 2. No. 2 is reported to be drilling below 1990 feet.

Electra-Texas No. 2 Wagoner is making slow progress on section 42, block 2. The bottom of the hole is at 1830 feet.

Women's Camp at Iowa Park Praised by Local Agent

About fifty Wilbarger County members of the Women's Clubs have been in attendance at the Women's Educational Encampment which opened at Coleman's Park near Iowa Park Wednesday morning and closes this afternoon. Miss Emma Gunter, local home demonstration agent, was in charge of the local delegation, and spoke to the assembled delegates a number of times.

Other Wilbarger county women who addressed the club members are: Mrs. Roscoe Rainwater and Mrs. W. G. McDonald. Members of the clubs who have returned already, praise the encampment as one of the most successful of its sort ever held by the women's clubs.

Pleasure was made the dominating policy of the encampment, with instructive address coming second.

EARLY SETTLER DIES TUESDAY

B. C. SMITH PASSES AWAY IN AUSTIN AFTER LONG ILLNESS.

B. C. Smith, 73, resident of Doans community for many years, died in Austin Tuesday morning. The body was returned here and interment took place at Fargo cemetery Thursday afternoon. Rev. W. W. Adams, pastor of the Tolbert Baptist church had charge of the services at the grave. The burial service of the Old Fellows was conducted at the cemetery by members of Doans lodge, of which he was a member. Mr. Smith had been a member of the Baptist church since boyhood.

Six years ago, Mr. Smith was sent to the insane asylum at San Antonio and a few months ago he was transferred to Austin where he was placed in the hospital for treatment. He had been a pioneer settler north of Pease river, but later returned to Erath county, where he lived until 1902, when he moved his family back to Wilbarger county, purchasing a farm near Doans.

He is survived by four sons, A. B. of Wildcat, John and Julius of Turley, Okla., and Ben of Electra, two daughters, Mrs. John Miller of Fargo, Okla. and Mrs. A. N. Brock of Turley, Okla. All were present for the funeral. He is also survived by a brother, A. G. Smith, of Doans, and two sisters, Mrs. D. B. Rodgers, of Doans and Mrs. C. S. COUNTY FAIR WILL BE HELD IN SEPTEMBER

Chamber of Commerce and Business Council Place R. H. Coffee in Charge and Set September 16-19 as Date—To Have Horse Races.

Following a series of meetings of the Chamber of Commerce and business council, it has been decided to hold the Wilbarger County Fair this year on September 16-19 inclusive, according to R. H. Coffee, who has been placed in charge of the fair by the Chamber of Commerce.

Mr. Coffee states that every effort will be made to make this one of the best fairs ever held in the county. Tentative arrangements have been made with the Pool and Schneck carnival for the fair dates, the manager of the fair has been assured that the carnival will show here during the four days. Mr. Coffee states that since the Pool and Schneck shows have combined the combined show is one of the largest and best carnivals on the road.

Arrangements are being made with the business men of Vernon for larger prizes than usual this year, Mr. Coffee states. It is planned to give prizes for community exhibits, agriculture exhibits, and live stock exhibits. A special department will be set aside for the club boys and club girls of the county, and poultry exhibits will be encouraged, the manager announces.

Work has been started on the fair catalogue and it is expected to be ready for distribution at an early date.

With crop conditions as good as they are in this section of the state, Mr. Coffee states that he expects a larger attendance than usual, and community exhibits will probably be above the ordinary, as farmers will have unusually good specimens to offer for exhibit.

The manager is making arrangements with owners of a number of race horses for four days of racing. Wilbarger County may be assured of an opportunity to witness some fast horse races, he says.

"Daddy's Gone a Hunting" Coming; Grey's Story Here

It's not what daddy goes hunting
for, but what he ultimately finds
that counts in "Daddy's Gone a
Hunting," the Metro-Goldwyn-May-
er picture which is coming to the
Pictorium next Monday and Tues-
day. Today and tomorrow, theater-
goers are offered Zane Grey's "The
Rainbow Trail," sequel to "Riders
of the Purple Sage," which was
shown here a short time ago. Tom
Mix is playing the leading role
again. The serial, "The Fighting
Ranger," reaches an interesting
stage today.

"Daddy's Gone a-Hunting" is an
other noted stage success which has
been brought to the screen with
realism and great dramatic force.

In being transferred to the screen
none of the strength of this drama
has been lost, and much has been
added in way of color and lavish
beauty.

Alice Joyce, more lovely than
when she retired from the screen
four years ago, has the role of
Edith. It is her second characteriza-
tion since returning to pictures and
will win for her a host of new ad-
mirers.

Percy Marmont adds to his steady-
ly growing popularity by his inter-
pretation of Julian, the artist
"Daddy," who goes hunting for hap-
piness and inspiration, only to find
that all his roving has been in vain
when despair and bitter realization
fill his life on the death of his little
daughter Janet.

Virginia Marshall, five-year-old
Texas girl, has one of the outstand-
ing child parts of the year in "Dad-
dy's Gone a-Hunting." It is pre-
dicted that Virginia will take her
place among the featured children
of Hollywood as a result of her por-
trayal of "Janet."

Prominent in the Borzage picture
is the work of Helena d'Algy, the
girl who will be remembered as
Rudolph Valentino's leading lady in
"The Sheik."

Borzage has introduced many un-
usual touches to this production in
way of direction and the combina-
tion of the sordid, grim life in New
York's Harlem flat is contrasted
with the brilliant and lavish dar-
ing of the Folies Bergeres scenes in
Paris where Julian goes to study art.

Not all of the luxury in the film,
however, is contained in the Paris
sequences, for, while Marmont is in
France, Miss Joyce is working in a
fashionable modiste shop in New
York, where many striking costumes
are displayed.

Holmes Herbert is Grenough and
Edythe Chapman as Mrs. Green-
ough, his mother, are exceptionally
well cast. Herbert is the "other
man," but plays the role with such
ability that he gains the immediate
sympathy of the audience and holds
it throughout the picture, which
comes to a startling and dramatic
climax.

Other members of the cast include
Ford Sterling, whose comedy touch-
es are highly entertaining, Martha
Mattox, James Barrows and James
MacMahon.

Kenneth B. Clarke wrote the
adaptation and Chester A. Lyons
was the cameraman.

Miss Wilma Lockett of Lockett
community, underwent a minor op-
eration at a local sanitarium Tues-
day morning. She has left the san-
itarium and is recovering rapidly.

"The Only Woman" Manville Brothers and "Air Mail" Are Show to Play Here Coming to Vernon Opening Monday

In "The Only Woman," a picture
which is coming to the Vernon
Theater next Monday and Tuesday,
Vernon people will see what hap-
pens when a girl surrenders herself
for her father upon the marriage
altar. It is Norma Talmadge's lat-
est picture.

"The Air Mail" comes to the Ver-
non Wednesday and Thursday. War-
ner Baxter, Billie Dove, Mary
Brian, and Douglas Fairbanks, Jr.,
are featured in the leading roles of
the picture.

Baxter portrays the part of Russ
Kane, clever crook and driving ar-
mor, who joins the air service solely
for the purpose of robbing the mails
and is regenerated by the spirit of
the service, the love of a beautiful
girl and the companionship of an
orphaned boy.

Billie Dove plays the girl, Alice
Rendon, who lives in the "deserted
city" with her father, played by
George Irving. Young Fairbanks is
Sandy, crazy about anything and
everything connected with aviation.
This keeps him hanging around the
flying field where he meets Kane
(Baxter) and immediately makes an
idol of him. Mary Brian plays Min-
nie Wade, a fine part.

Other big names in the strong sup-
porting cast are Guy Oliver, Rich-
ard Tucker, Lee Shumway and
Lloyd Whitlock.

In the story are two bands of
crooks constantly spying on Baxter.
They suspect that he is going to
double-cross them and a hum-dinger
of an air battle takes place with
Baxter, Fairbanks, Jr., and Billie
Dove fighting off the bandits and
seeing the mail through in safety.

Mr. and Mrs. Aaron Shaw of
Plainview, students in Wayland
college left for their home Tuesday
after a visit here with her mother,
Mrs. A. J. Smith and his parents,
F. E. Shaw of Sherwood community.

CLUB OFFICIALS ENTERTAIN
DELPHIANS WEDNESDAY

Members of the Delphian club were pleasantly entertained by Mrs. Leon Brown, incoming president and Mrs. Y. H. Babasin, our going president, at the latter's home on Main street, Wednesday afternoon.

The house was decorated with pink and white cut flowers and the punch table presided over by Misses Minnie King and Ethel Haney was beautiful with its decorations of flowers and ferns.

At this time, Mrs. Brown assumed the duties of her administration as

did the newly elected secretary-treasurer, Mrs. R. D. L. Killough. Plans for the coming year were discussed and year books distributed. The retiring secretary-treasurer, Miss Ethel Haney, gave her report. A very delicious ice course of walnut brick cream and individual angel food cake were served to twenty-four guests.

Miss Vera Smith of Austin is a guest of Mrs. L. S. Dennis and Mrs. Dena Griffith.

W. B. Abbott of Wichita Falls was here on business Wednesday.

HINDS.

Rev. and Mrs. Jim Sharp and children and cousin, Aron Sharp of Mississippi, arrived Saturday afternoon. Rev. Sharp began a meeting yesterday morning at the school house, and is doing some wonderful preaching. Large crowds are attending. Every one is cordially invited to come. Mrs. Sharp and Aron have charge of the song services.

Alex Anderson is building another house on his place.

Lloyd Guthrie and Garland Street have gone on a visit to East Texas.

Miss Lottie Lovelace of Fargo was the guest of Miss Irene Muller Monday afternoon.

Lois Lambert of Rayland was the guest of Miss Louella Holland, Sunday evening.

Mr. and Mrs. O. D. Stowe and daughter spent Sunday with Mr. and Mrs. Harvey Adams of White City.

Mr. and Mrs. C. H. Castleberry and family, Mr. and Mrs. Keil Castleberry and family, were dinner guests of Mr. and Mrs. Tom Duke of Bourland, Sunday.

Clova Lila Couch was the guest of Little Meta Joe Muller, Sunday.

THE WIDOW'S MIGHT.

Up in Wisconsin the son of Senator La Follette, deceased, is making the race for his father's vacant seat in the upper house of the United States Congress. Right after the death of the famous Wisconsin lawmaker, his widow was urged to make the race.

A Massachusetts woman has been elected to Congress to fill the vacancy created by the death of her husband. There are three other such cases in the present Congress. Wyoming has a woman Governor who is the widow of a man who died in the Governor's office.

All of this indicates a sympathetic strain with American voters—that is to say, a sympathetic strain that runs to the advantage of widows of officeholders and sons of deceased officeholders. The Dallas News remarks, "Just now a dead husband is a better ticket to Congress than a log cabin."

All of the ladies who have been elected to office because they were widows of officeholding husbands may well be qualified for the business of making laws for the country. But if we remember correctly only two women have been elected to Congress who were not widows or daughters of men who died in office, and these two kept their seats only one term each, which leads to the suggestion that women who have ambitions to be elected to Congress should get married to men who will be elected and have the thoughtfulness to die in office.

The business of women holding high office is a novelty in this country and doubtless will soon wear off. But people seem to be less sympathetic for the sons of illustrious dead. Young Theodore Roosevelt did rather poorly in his first bid for high office and it is to be hoped that the young Mr. La Follette will be equally unsuccessful unless he has something to recommend him for the senatorship beyond the fact that he is his father's son. Being the widow of one's deceased husband or the son or daughter of one's dead father is a pitifully poor excuse to run for office and sober-thinking people will think more rather than less of these benefit ones would decline to try to capitalize their bereavement.

LABOR'S REAL ENEMY.

The president of the American Federation has announced his intention of waging a war on radicalism in the ranks of organized labor. Communists, bolsheviks and other radical groups have caused a great deal of trouble and done organized labor a great deal of harm, according to the labor chieftain. Chicago seems to be the hotbed of radicalism, he says, and warns labor against the dangers of following these radicals who are wrongfully parading under the banner of organized labor.

There is ample evidence to support the claim of the Federation president that these radicals are a greater menace to organized labor than any capitalistic opposition can possibly be.

The real enemy of labor is not the blood-sucking, greedy capitalist who seeks to fatten his purse through oppression of labor. Public opinion will take care of him. He can't win any fight against organized labor. The real enemy is the man who parades as a friend of labor and seduces laboring men into a policy of violence that arrays public opinion against them, or the one who de-

ludes laboring men into the belief that the way to advance their interests is to intimidate and bulldoze capital and the public into submission to unreasonable demands.

The American people are fair. They will do the right thing if they get the right information. Eventually they are going to get the information. Facts can't be successfully camouflaged in the long run. And when the American people get the real facts on any labor controversy, as they inevitably will, they will settle it on a pretty fair basis. Neither labor nor capital can tyrannize the American people for very long at a time.

The big strikes which labor has lost are the ones where they had not the backing of public opinion, and the present leader of organized labor is pointing out the only way to permanent peace and justice in industry when he warns his constituents against the snares of radicalism.

SOME TRAFFIC PROBLEMS.

Electric traffic signals are needed in Vernon during certain hours of almost every day and practically throughout Saturdays when people gather here to trade. Some relief is expected from the opening up of the pavement on Fannin Street, but this is doubtful. Our paving program has not kept pace with traffic in the business district.

Of course, the average person will conclude that Vernon is too small for installation of traffic signals. Perhaps so, but most people who try to get about the downtown district on foot during most any afternoon will agree that some regulation is needed for the protection of pedestrians and sane drivers.

Some towns and small cities have adopted a system which requires all traffic entering the main thoroughfares from cross streets to come to a stop before entering the main traffic-way. This would help somewhat toward preventing automobile collisions, but it would hardly improve the plight of the pedestrian who wishes to cross the principal streets. The speed on such streets would be accelerated because of the removal of the danger of collision with cross-street traffic.

The electric traffic signal system which alternates right-of-way is about the only system which will remove the hazard which attends the movements of pedestrians across streets. Vernon may not need such a system yet, but she needs something that will tame some of our wild drivers who seem to believe that the streets are made for their exclusive use and that other drivers and mere pedestrians are trespassers.

Delivery car drivers as a class are about the worst offenders. They evidently proceed on the theory of "Let the other fellow beware." School will be starting soon and during certain hours of the day hundreds of little tots will be crossing streets in the vicinity of school buildings. The chief of police ought to have a little heart-to-heart talk with delivery car drivers on the general subject of protecting the lives of school children.

Mrs. J. B. Cox, 45, passed away Thursday night in Texico, New Mexico, after an extended illness. The family had been traveling for her health all summer and she grew worse instead of better until the end came Friday, and interment was made in the Tolbert cemetery. She was born in Jackson County, Tenn., but had been a resident of Texas a number of years. She was a member of the Methodist church at this place and lived a Christian life. She is survived by her husband, J. B.

New Measure of Value

Chevrolet represents the highest type of quality car selling at a low price. Public acknowledgment of this fact has been evidenced by a greatly increased demand for Chevrolet cars. This increased demand has resulted in increased production

making possible decreased prices on closed models and improved quality on all the models. Now Chevrolet provides "Quality at Low Cost" to greater degree than ever before. Now Chevrolet presents to automobile buyers everywhere a new measure of value.

We are now making a special showing of these new cars and would be glad to have you call and see them.

Monte Wins Bout From Kid Rich in Vernon Tuesday

Wildcat Monte outpointed Kid Rich and won a referee's decision in the main event of the card staged at the Vernon open air arena Tuesday night. Monte won his decision on his ability to beat the heavier boxer to the punch at all stages of the bout. He easily hit Rich at any time he desired to do so. Monte fought a faster fight than he has ever fought here before.

In the eight round semi-final Young Rich of Vernon and Dude Lawson fought to a draw, following a number of low blows by Lawson that saved him from going out at a critical time in the third round. Rich had Lawson groggy and scarcely able to hold on in the latter part of the third after opening up with a furious attack on the jaw. In the fourth stanza Lawson slipped over Rich out, and although he continued a dangerously low blow that put the fight, he never recovered from the blow. After the bout was continued, Lawson continued to send over low blows at various intervals, although they were lighter than the first which had such telling effect. After the bout the referee admitted that Lawson fouled a number of times, but that the blows were light after the first telling swing.

About the only thing that Lawson showed Tuesday night was his ability to clinch and hit low. He hardly landed a clean cut straight blow during the entire fight.

Stam Mitchell of Frederick and Battling Nelson of Wichita Falls staged a fast colored bout, and no one heard Battling Nelson complaining of being unable to catch Mitchell. Mitchell won the referee's decision.

SAME FINE STUDEBAKERS Prices Reduced—Quality Maintained

THESE low prices are not for new cars built to sell at low prices.

They are for Studebaker cars identical with those which have been in tremendous demand at higher prices during the past eleven months.

They are for Studebaker cars so well built of such high quality materials that net profits during the past six months have averaged only \$140.64 per car. The rest of the money the public paid us went into making a car with scores of thousands of miles of excess transportation.

These earnings are a triumph for the one-profit basis of manufacture. No manufacturer on a less efficient basis could have made a dollar selling cars of Studebaker quality at Studebaker prices.

Studebaker is the only one-profit car in the car field. Only Ford and Studebaker make for all their cars all bodies, all engines, all gear sets, clutches, springs, differentials, axles, steering gears, gray iron castings and drop forgings.

Thus we save and pass on to purchasers profits which many other manufacturers must pay to outside parts and body makers.

No "yearly models" makes sales jump

Thus we were able last January to reduce prices already low.

Then we announced that Studebaker would have no more "yearly models" to artificially depreciate cars in the hands of owners.

Sales instantly started to soar and have forced the vast Studebaker plants to maintain peak production throughout the summer, in the face of declining production for the industry in general.

To one-profit savings we thus add savings due to long continued peak production. These savings we share with customers in the price reduction announced August 1st.

We still use genuine leather, mohair upholstery,

fine northern white ash and hard maple, tough extra gauge steel for which we pay premiums, plate glass, walnut inlaid with holly and other refinements. In short, these are the same fine cars in every particular—only the price has been reduced.

You can't appreciate what a bargain Studebaker cars are at these new prices until you compare them point by point with others.

Remember that Studebaker cars have been kept constantly up to date. Improvements have been made as soon as developed—not saved up for spectacular announcements under the guise of "new yearly models" designed to depreciate cars already in the hands of owners.

Superiorities—both hidden and obvious

Many of the most important superiorities of Studebakers are hidden until revealed by thousands of miles of usage, but here are some you can check to prove our statement that every Studebaker is more up to date than the newest "yearly model."

On all present Studebaker models, you'll find an automatic spark control, safety lighting control on the steering wheel, 8-day clock and gasoline gauge on the dash, improved one-piece windshield, special coincidental lock of ignition and steering gear, fully machined crankshaft, coil ventilator, waterproof ignition and oil drain valve beside the engine.

Studebaker pioneered the steel-framed Duplex Top with roller side enclosures which gives enclosed car protection to open car models—in 39 seconds.

Studebaker pioneered the use of full-size balloon tires, for which steering mechanism, fenders and body lines have been especially designed.

Come in and see these sturdy, dependable "one-profit" cars. Today, more than ever before, every Studebaker is a big money's worth.

Ask about our liberal Budget Payment Plan.

MACK VERNON CELEBRATES HIS FIFTH BIRTHDAY

Little Gaston Mack Vernon, son of Mr. and Mrs. E. A. Vernon, celebrated his fifth birthday Wednesday afternoon from five till seven with a party in Ailingham Park. Forty-five guests were present. Many interesting games were played, including telling stories, drop the handkerchief and blind man's buff. Cake, lemonade and ice cream were served at the close of the afternoon. The host received many beautiful gifts.

Miss Vernon Steam Laundry.

Phone 67 as late in the week as 8:30 a. m., Saturday for laundry to be finished and delivered Saturday p. m. same week. Don't you think this very good for a laundry in operation only one week. And say, don't forget our telephone number is 67. We are just as close to you as your telephone. Our wagon will call.

Officers Locate Still.

Members of the local sheriff's department located a still and quite a bit of mash six miles east of Vernon Thursday. A negro giving the name of Will Willy is being held by the authorities in connection with the affair.

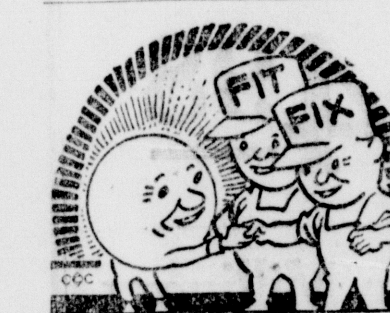

Catherine Wheatley left Wednesday

to spend a few days with friends in Childress. She plans to return Sunday.

Renew Your Health By Purification

is often caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, which has been continuously and regularly published for a period of not less than one year in said Wilbarger County, a copy of the following notice: The State of Texas:

To all Persons Interested in the Welfare of said County of Wilbarger County, Texas, on the 4th day of August, A. D. 1925, duly appointed Temporary Guardian of the person and estate

of said Minors, which appointment will be made permanent unless the same shall be successfully contested at the next term of said Court, commencing on the First Monday in October, A. D. 1925, the same being the 5th day of October, A. D. 1925, at the Court House thereof, in Vernon, at which time all persons interested in the welfare of said Minors may appear and contest such appointment if they so desire.

Herein I do Not, but have you before said Court, on the said first day of the next term thereof, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court at office in Vernon, Texas, this 11th day of August, A. D. 1925.

NEW STATE FAIR AUDITORIUM

Here's the new Fair Park Auditorium, located within the grounds of the State Fair of Texas at Dallas.

It will be dedicated at the 1925 State Fair, Oct. 10-25, with the showing of "Sky High," a Broadway musical comedy success, which will come to the State Fair directly from New York. "Sky High" is a Shubert production, and will be given at Dallas under the personal direction of J. J. Shubert, with Willie Howard, the famous comedian, and the original company of 103.

The auditorium will cost \$500,000 when completed, and will be a complete theatre in every respect. Its acoustic properties are guaranteed. It will seat 5,000 people and part of its equipment will be a \$50,000 pipe organ, upon which Clarence Eddy, famous organist will give a dedication recital on the afternoon of Saturday, Oct. 10, opening day of the 1925 State Fair.
